- a keep confidential at all times the Confidential Information of the other party;
 - b effect and maintain adequate security measures to safeguard the other party's Confidential Information from unauthorised access or use; and
 - c disclose the other party's Confidential Information to its personnel or professional advisors on a *need to know* basis only and, in that case, ensure that any personnel or professional advisor to whom it discloses the other party's Confidential Information is aware of, and complies with, clauses 11.1a and 11.1b.

- 11.2 The obligation of confidentiality in clause 11.1 does not apply to any disclosure or use of Confidential Information:

 - e by Systime if required as part of a *bona fide* sale of its business (assets or shares, whether in whole or in part) to a third party, provided that Systime enters into a confidentiality agreement with the third party on terms no less restrictive than this clause 11.

12. Warranties

- 12.1 Each party warrants that it has full power and authority to enter into, and perform its obligations under, the Agreement.
- 12.2 Systime does not give any warranty to the Customer relating to Third Party Software, which usually has separate warranties supplied by the relevant licensor.
- 12.3 Systime does not give any warranty to the Customer relating to Hardware purchased by the Customer. Systime will use commercially reasonable efforts to transfer to the Customer the benefit of any warranties provided by the relevant manufacturer.
- 12.4 For rental Hardware:
- a Systime warrants that the Hardware functions in accordance with the manufacturer's specifications;

 - c the installation, transfer, removal and ongoing operation of software other than Auxo Group Software is excluded from any warranty.
- 12.5 To the maximum extent permitted by law:
- a Systime's warranties are limited to those set out in the Agreement, and all other conditions, guarantees or warranties whether expressed or implied by statute or otherwise (including any warranty under Part 3 of the Contract and Commercial Law Act 2017) are expressly excluded; and

- b Systime makes no representation concerning the quality of the Software, Hardware or Services and does not promise that the Software, Hardware or Services will:

 - ii be secure, free of viruses or other harmful code, uninterrupted or error free.

- 12.6 The Customer agrees and represents that it is acquiring the Software, Hardware and Services, and accepting the Agreement, for the purpose of trade. The parties agree that:

 - b it is fair and reasonable that the parties are bound by this clause 12.6.

- 12.7 Where legislation or rule of law implies into the Agreement a condition or warranty that cannot be excluded or modified by contract, the condition or warranty is deemed to be included in the Agreement. However, Systime's liability for any breach of that condition or warranty is limited, at its option, to:
 - a supplying the Software, Hardware or Services again; and/or

To the maximum extent permitted by law, Systime excludes all responsibility or liability for those services, websites or feeds.

13. Liability

- 13.1 Systime's maximum aggregate liability under or in connection with the Agreement or relating to the Software, Hardware or Services, whether in contract, tort (including negligence), breach of statutory duty or otherwise, must not exceed:
 - a where the liability relates to Hosting Services, SaaS Services or Support Services, an amount equal to the Charges paid by the Customer for the relevant Hosting Services, SaaS Services or Support Services (as applicable) in the 1 month period prior to the date of the first event giving rise to liability; and

 - c a breach of clause 11.
- 13.4 Clause 13.2 does not apply to limit the Customer's liability:
- a to pay the Charges;
 - b under the indemnity in clause 6.16; or
 - c for those matters stated in clause 13.3a to 13.3c.
- 13.5 Neither party will be responsible, liable, or held to be in breach of the Agreement for any failure to perform its obligations under the Agreement or otherwise, to the extent that the failure is caused by the other party failing to comply with its obligations under the Agreement, or by the negligence or misconduct of the other party or its personnel.
- 13.6 Systime exercises no control whatsoever over the content of the information passing through its sites, and it is the Customer's responsibility to ensure that the information it transmits and receives complies with all applicable laws and regulations.
- 13.7 Each party must take reasonable steps to mitigate any loss or damage, cost or expense it may suffer or incur arising out of anything done or not done by the other party under or in connection with the Agreement or the Software, Hardware or Services.

14. Termination

- 14.1 Either party may, by notice to the other party, immediately terminate the Agreement if the other party:
- a breaches any material provision of the Agreement and the breach is not:
 - i remedied within 30 days of the receipt of a notice from the first party requiring it to remedy the breach; or
 - ii capable of being remedied; or

- b becomes insolvent, liquidated or bankrupt, has an administrator, receiver, liquidator, statutory manager, mortgagee's or chargee's agent appointed, becomes subject to any form of insolvency action or external administration, or ceases to continue business for any reason.
- 14.2 The Customer may terminate the Agreement in accordance with clause 9.9.
- 14.3 Termination of the Agreement does not affect either party's rights and obligations that accrued before that termination.
- 14.4 On termination of the Agreement, the Customer must pay all Charges for Software, Hardware and Services provided prior to that termination.
- 14.5 No compensation is payable by Systime to the Customer as a result of termination of the Agreement for whatever reason, and the Customer will not be entitled to a refund of any Charges that it has already paid.
- 14.6 Except to the extent that a party has ongoing rights to use Confidential Information, at the other party's request following termination of the Agreement but subject to clause 6.18, a party must promptly return to the other party or destroy all Confidential Information of the other party that is in the first party's possession or control.

15. General

- 15.1 The Customer agrees that during the term of the Agreement and for 2 years after its expiry or termination (**Restraint Period**), the Customer and its related companies must not, without the prior written consent of Systime:
- a directly or indirectly solicit or offer employment or any contract for services to any of Systime's personnel;
 - b solicit or entice any member of the other party's personnel to terminate their position, employment or relationship with Systime; or
 - c assist or encourage any person to do any of the things described in clauses 15.1a and 15.1b.
- 15.2 Clause 15.1 will not apply to any Systime personnel who terminated their position, employment or relationship with Systime 2 years or more prior to the Customer offering employment or a contract for services.
- 15.3 Neither party is liable to the other for any failure to perform its obligations under the Agreement to the extent caused by Force Majeure.
- 15.4 No person other than the Customer and Systime has any right to a benefit under, or to enforce, the Agreement.
- 15.5 For Systime to waive a right under the Agreement, that waiver must be in writing and signed by Systime.

- 15.6 Subject to clause 6.13, Systime is an independent contractor, and no other relationship (e.g. joint venture, agency, trust or partnership) exists under the Agreement.
- 15.7 If Systime needs to contact the Customer, Systime may do so by email. The Customer agrees that this satisfies all legal requirements in relation to written communications. The Customer may give notice to Systime under or in connection with the Agreement by emailing admin@sam.co.nz.
- 15.8 The Agreement, and any dispute relating to the Agreement or the Software, Hardware or Services, is governed by and must be interpreted in accordance with the laws of New South Wales. Each party submits to the non-exclusive jurisdiction of the Courts of New South Wales and the Commonwealth of Australia in relation to any dispute connected with the Agreement or the Software, Hardware or Services.
- 15.9 Clauses which, by their nature, are intended to survive termination of the Agreement, including clauses 6.166.16, 6.17, 10, 11, 13, 14.3 to 14.6 and 15.8, continue in force.
- 15.10 If any part or provision of the Agreement is or becomes illegal, unenforceable, or invalid, that part or provision is deemed to be modified to the extent required to remedy the illegality, unenforceability or invalidity. If modification is not possible, the part or provision must be treated for all purposes as severed from the Agreement. The remainder of the Agreement will be binding on the Customer.
- 15.11 Subject to clauses 2.1 and 9.9, any variation to the Agreement must be in writing and signed by both parties.
- 15.12 The Agreement sets out everything agreed by the parties relating to the Software, Hardware and Services, and supersedes and cancels anything discussed, exchanged or agreed prior to the date of Order Acceptance. The parties have not relied on any representation, warranty or agreement relating to the Software, Hardware or Services that is not expressly set out in the Agreement, and no such representation, warranty or agreement has any effect from the date of Order Acceptance. Without limiting the previous sentence, the parties agree to contract out of sections 9, 12A and 13 of the Fair Trading Act 1986, and that it is fair and reasonable that the parties are bound by this clause 15.12.
- 15.13 The Customer may not assign, novate, subcontract or transfer any right or obligation under the Agreement without Systime's prior written consent, that consent not to be unreasonably withheld. In the case of a genuine sale of a going concern that uses Auxo Group Software, Systime will typically allow the Agreement to be transferred provided the transferee accepts the Agreement and agrees to make all payments in accordance with the Agreement. The Customer remains liable for its obligations under the Agreement despite any approved assignment, subcontracting or transfer.
- 15.14 The Customer accepts that in the instance of the Software being provided on demonstration or trial basis, access may be shared by other users and the data entered therein should be considered shared and publicly visible. As such, data of a private or confidential nature should not be input into this system; and any potential privacy breaches should be immediately disclosed to Systime.
